15th March 2021

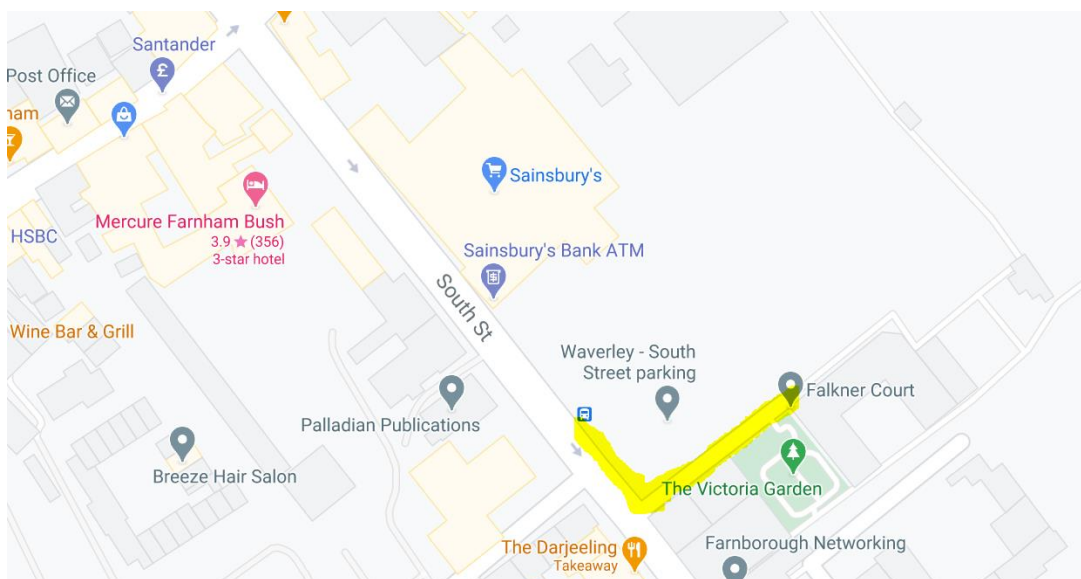

Dear Neighbour,

Re: South Street Works Notification

Our contractor FM Conway has this morning (15th March 2021) begun a 12-week work programme on South Street, working primarily on the Brightwells Road/South Street junction, as shown on the plan below. Temporary traffic lights will be in place on South Street for the duration of these works to help manage traffic flow. We apologise for the inevitable disruption this will cause.

This work is taking place to provide drainage connections and to widen Brightwells Road for vehicular access to Brightwells Yard, including for lorries servicing the M&S Food Hall.

Towards the end of the 12-week programme, 2 nights of night closures will be required on the Brightwells Road/South Street junction, preventing access to Sainsbury's car park during those closures. We will provide confirmation of these dates once we have them.

In addition, Crest Nicholson will soon be undertaking some improvement and upgrade works to the Sainsbury's car park, including an upgraded lift and staircase, along with improvements to the canopy and walkways. We will share more information about these works once they are scheduled. Please keep an eye on our website and monthly newsletters for regular updates about Brightwells Yard.

If you have any queries or concerns, please do not hesitate to contact the team.

Yours sincerely,
